## Avamere Health and Fitness Club

### Closure

April 1<sup>st</sup>, 2021

To Our Valued Members,

Over the last 12 months, the Health and Fitness Club has been profoundly impacted by the COVID-19 Pandemic. The impacts of the pandemic have been felt throughout the community, and after careful consideration our Administrative team has made the tough decision to close the fitness center as of April 1<sup>st</sup>, 2021. This includes the gym, pool, and all instructor led classes.

On multiple occasions over the last year, we attempted to open and offer classes to our members, but with the changing state guidelines limiting capacity and increased cleaning protocols and infection control measures, at this time reopening to the public is not feasible for the safety of our community members residing onsite.

Over the last 20 years it has been our goal to provide a comfortable space for adults over 40 to work out and feel great about their success, as well as to show how exercise can improve people's lives at any age. It has been an honor to serve the Medford community in this mission. We are hopeful at some point in the future we will be able to reopen our doors to the community, but at this time it is not currently on the horizon.

Sincerely,

Skyler Schmitt
